Advancing Orthopedic Care

We invite you to experience surgical-skills training at our new, fully-equipped Breg BioSkills Lab, located in Carlsbad, CA. Expand and hone your arthroscopic skills in a realistic surgical environment. Train on cadaveric as well as sawbones models with the most advanced surgical equipment. Learn about surgical techniques from experts in the field. Get first-hand experience and interact with new product innovations in the industry.

Breg has a long-standing reputation for innovative, high quality products and a commitment to education. We bring health care professionals together to advance orthopedics. The Breg BioSkills Lab builds on our dedication to education and training in the industry.

About Breg
