

## Quantum™ OA Knee Brace

### PATIENT QUICK FIT GUIDE

1) Sit with leg straight and attach straps #1 and #2.

2) Hinge should be pushed far back and high on the knee. Bend knee and attach #3.

3) Pain relief may be achieved by pulling back the dark gray loop ends on both the thigh and calf buckles.

4) To loosen the buckles on the thigh and calf, push the light gray button while pulling the other end of the strap.
